How to edit an existing monitored model.
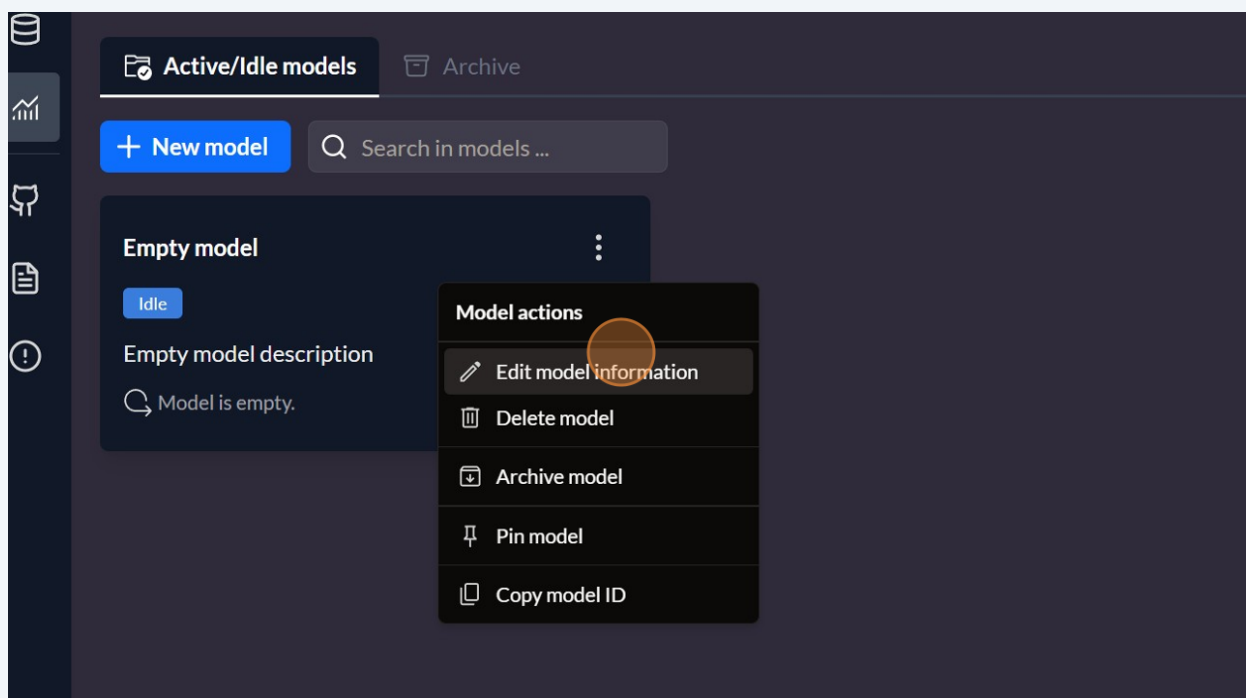

Step-by-step guide on how to edit an existing monitored model.

1 Navigate to **http://localhost:3000/models**.

2 Click on **Model actions** and click **Edit model information**.

ℹ To edit an existing monitored model you must change at least one of its parameters (name or description).

3 Edit **Model name** field.

ⓘ **Model name** cannot be empty and longer than 100 characters.

4   Edit **Model description** field.

Edit model   ✕

Model name

Empty model 2

Required (max. 100 characters)
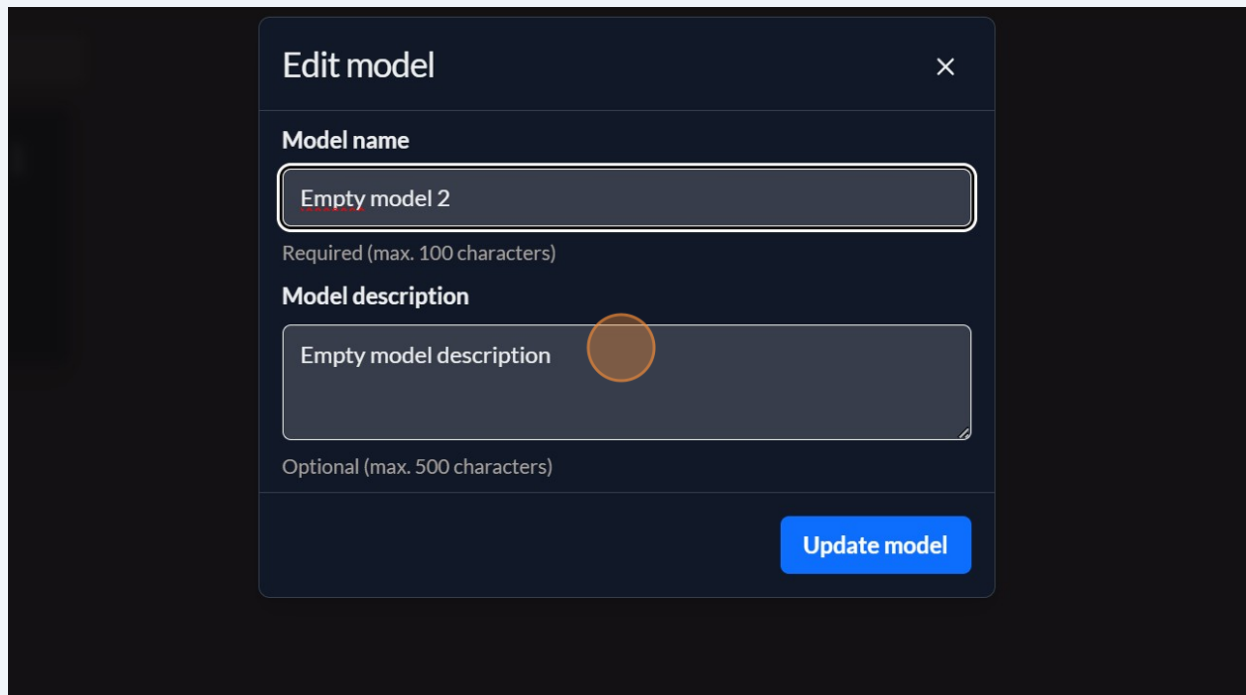

Model description

Empty model description

Optional (max. 500 characters)

Update model

ⓘ   **Model description** can be empty, but cannot be longer than 500 characters.
